## DESCRIPTION OF THE SITE

The tracts of vacant mountain land are more particularly located 25 miles north of the Town of Bernalillo by way of Interstate 25 and 10 miles northwest of the Village and Pueblo of Cochiti by way of New Mexico State Highway 16 and U. S. Forest Road 286 within Sandoval County, New Mexico.

The dimensions of the tracts are generally rectangular and laid out in a grid fashion which accommodated the mineral extraction of the Bland-Cochiti Mining District. The patented claim sites range in size of from 8 acres to 20 acres. Several of the claims are contiguous with the others nearby, creating a cluster of partitioned parcels separated by U. S. Forest open space and other patented claim ownerships. The individual parcels are as follows:
